

BH14G

Optional removable flame-resistant foam gasket is available for all Maki® safety glasses.

*Optional see below

LENS Blue Mirror Anti-Fog

FRAME Crystal Clear

DESCRIPTION

The fashion sport-inspired design of the Maki® safety glasses can be combined with the optional removable closed-cell EVA foam to protect from airborne particles and debris. It also has dual injected TPR temple ends and embedded rubber nose pieces to ensure a slip-free fit in any environment.

BH14G - optional removable flame-resistant foam gasket available for all Maki® safety glasses.

FEATURES

- AF - Anti-Fog lens: FSI brand hydrophobic anti-fog lens treatment greatly reduces fog in hot, humid, and variable temperature environments
- Precision lenses block blue rays, which reduces eyestrain, increases visual acuity, and protects from the long-term effects of blue light exposure.
- Sport-inspired design for a fashionable look
- Dual-injected TPR ends for slip-free experience
- Optional foam gasket for protection from particles (BH14G)
- Meets ANSI/ISEA Z87.1-2020 standards
