

BH14G

Optional removable flame-resistant foam gasket is available for all Maki® safety glasses.

*Optional see below

LENS Blue Mirror Polarized

FRAME Silver Inlay

DESCRIPTION

The fashion sport-inspired design of the Maki® safety glasses can be combined with the optional removable closed-cell EVA foam to protect from airborne particles and debris. It also has dual injected TPR temple ends and embedded rubber nose pieces to ensure a slip-free fit in any environment. This model features polarized, precision lenses, which filter out bent light waves reducing glare, eye fatigue, and decreasing reflection off surfaces such as water, sand, and snow.

BH14G - optional removable flame-resistant foam gasket available for all Maki® safety glasses.

FEATURES

- Polarized lenses filter out bent light waves eliminating glare, eye fatigue, and decreasing reflection off surfaces such as water, sand, and snow.
- Precision lenses block blue rays, which reduces eyestrain, increases visual acuity, and protects from the long-term effects of blue light exposure.
- Sport-inspired design for a fashionable look
- Dual-injected TPR ends for slip-free experience
- Optional foam gasket for protection from particles (BH14G)
- Meets ANSI/ISEA Z87.1-2020 standards
