

# **BULLHEAD SAFETY® EYE PROTECTION**

# LENS Blue Mirror Performance Fog Technology Polarized

# **FRAME Silver Inlay**

#### **DESCRIPTION**

These Whipray™ safety glasses feature frames made with TR-90 material. TR-90 frame technology is extremely comfortable and can bend under pressure resulting in a custom contoured fit for all-day wear. The one hundred percent visually correct cylinder lens is sculpted at a ten-base curve for superior coverage and crisp visual acuity. This model features polarized, precision lenses, which filter out bent light waves reducing glare, eye fatigue, and decreasing reflection off surfaces such as water, sand, and snow. The BH3219PFT also features a PFT lens. Thanks to its chemical and physical properties, Performance Fog Technology is a permanent coating that prevents the formation of condensation on the lenses by absorbing the humidity drops.

### **FEATURES**

- PFT Performance Fog Technology lens: Better than traditional anti-fog!
   This water-washable, hydrophilic anti-fog lens coating is permanently bonded to the lens to absorb moisture and then spread it consistently, providing clear, fog-free vision
- Polarized lenses filter out bent light waves eliminating glare, eye fatigue, and decreasing reflection off surfaces such as water, sand, and snow
- Precision lenses block blue rays, which reduces eyestrain, increases visual acuity, and protects from the long-term effects of blue light exposure

## **TECHNOLOGY**

All Bullhead Safety® Eyewear is made from 100% virgin materials. This style features lenses constructed with the highest quality polycarbonate and frames made with TR-90 (thermoplastic composition) material.

MEETS ANSI/ISEA MEETS 287.1-2020 ANTI-FOG STANDARDS STANDARD

MEETS MILITARY SPECS FOR BALLISTICS

ENHANCED CLARITY REDUCES EYE STRAIN

ERGONOMIC FIT RELIEVES PRESSURE

ANTI-SCRATCH PERM HARD COAT HYDI TREATED LENS COAT

PERMANENT Hydrophilic Coating

FILTERS OUT GLARES AND REFLECTIONS

RELIEVES
FATIGUE FROM
BLUE LIGHT

UVA/UVB/UVC LIGHT RAYS

- The frame is made with incredibly durable, flexible, and lightweight TR-90 material
- TPR temple ends to prevent slipping
- · Soft, flexible, non-slip TPR nose-piece
- Meets ANSI/ISEA Z87.1-2020 standards
- Meets ANSI/ISEA Z87.1-2020 anti-fog properties standard
