

High Performance Stretch Athletic-Style High-Visibility Shirts

GLO-225LS Sizes: M-5XL

Features:

This ANSI class 3 long sleeve shirt in yellow/green is made from moisture wicking athletic-style stretch material. It includes segmented reflective tape and breathable black mesh located on the sides and under arms, for a stylish look.

Benefits:

- ANSI ISEA 107-2015 class 3, type R
- Material draws moisture away from skin for optimal comfort, coolness and breathability.
- Reflective tape is segmented to improve breathability and comfort.
- Breathable black mesh on the sides and under arms gives the shirt a stylish look.

**Mesh upper
back and sides
for breathability**
